1. My firm acted as lead class counsel in the class action of the *In re Mutual Funds Investment Litigation – Alliance Sub-Track*, and led plaintiffs' counsel in every aspect of the prosecution and resolution of this action. The tasks performed by my firm include: development

of litigation strategies; participation in the steering committee; preparation and review of pleadings, including plaintiffs' complaints and responses to defendants' motions to dismiss; consultation with Investor Class Plaintiffs; extensive review and analysis of documents produced by defendants; extensive consultation with experts; participation and attendance at conferences and court hearings; substantial factual and legal investigation and research; preparation for and participation in protracted settlement negotiations; developing damage methodologies to allocate settlement proceeds across different tracks; and preparation of settlement documents.

2. The schedule attached hereto as Exhibit "1" is a summary indicating the amount of time spent by each attorney and paraprofessionals of my firm who was involved in this litigation during the Time Period, and the lodestar calculation based on my firm's current billing rates.¹ For attorneys and paraprofessionals who are no longer employed by my firm, the lodestar calculation is based upon the billing rates for such attorneys and paraprofessionals in his or her final year of employment by my firm. The schedule was prepared from contemporaneous daily time records regularly prepared and maintained by my firm, which are available at the request of the Court. Time expended in preparing this application for fees and reimbursement of expenses has not been included in this request.

3. The hourly rates for the attorneys and paraprofessionals in my firm included in Exhibit "1" are the same as the regular current rates charged for their services in non-contingent matters and/or which have been accepted in other securities or shareholder litigation.

4. The total number of hours expended on this litigation by my firm during the Time Period is 3,777.61 hours. The total lodestar for my firm is \$1,591,384.80, consisting of \$1,308,118.05 for attorneys' time and \$283,266.75 for paraprofessionals' time.

¹ This application does not include time for anyone who spent fewer than 5 hours on this litigation.

5. My firm's lodestar figures are based upon the firm's billing rates, which rates do not include charges for expense items. Expense items are billed separately and such charges are not duplicated in my firm's billing rates.

6. As detailed in Exhibit "2", my firm has incurred a total of \$539,518.93 in unreimbursed expenses in connection with the prosecution of this litigation during the Time Period.²

7. The expenses incurred in this action are reflected on the books and records of my firm. These books and records are prepared from expense vouchers, check records and other source materials and are an accurate record of the expenses incurred.

NOTARY PUBLIC

² As set forth in Exhibit 2 hereto, \$366,406.72 of the total expenses incurred by my firm were contributions to plaintiffs' Litigation Fund. The Litigation Fund was established to pay common litigation expenses including expert work and other expenses incidental to the MDL litigation. The Litigation Fund was overseen by Plaintiffs' Administrative Chair and Liaison Counsel, Tydings & Rosenberg LLP, and is further detailed in the Declaration of John B. Isbister in Support of Petition of Tydings & Rosenberg LLP for Award of Attorneys' Fees and Reimbursement of Expenses Incurred as Plaintiffs' Liaison and Chief Administrative Counsel. There remains some residual amounts in the Litigation Fund which will be reallocated to the different sub-tracks. If an allocation is made in this sub-track, we will submit a revised expense request on October 6, 2010 showing the adjusted litigation fund expense.

FIRM PROFILE

Barroway Topaz Kessler Meltzer & Check, LLP ("Barroway Topaz"), headquartered just outside of Philadelphia, Pennsylvania, specializes in representing shareholders and consumers in complex class action litigation in state and federal courts throughout the United States. Since the firm's inception in 1987, Barroway Topaz has recovered billions of dollars on behalf of defrauded shareholders, employees and aggrieved consumers.

Recognized by courts and our clients for achieving exemplary results, Barroway Topaz has grown into one of the largest and most successful plaintiff's class action firms in the country. With over eighty attorneys, a superior support staff and in-house investigative team, Barroway Topaz has emerged as the leading firm in the campaign to eradicate securities fraud and corporate malfeasance. Barroway Topaz's considerable resources and extensive experience in prosecuting class actions place it in a unique position to track, advise, prosecute and resolve complex actions.

Barroway Topaz represents various institutional investors from the United States, Canada, Europe and around the world — including pension funds, mutual fund managers, investment advisors, insurance companies, and hedge funds — and has secured landmark recoveries on behalf of our clients and the classes we represent. The firm, with the guidance and assistance of our clients serving as lead plaintiff, is especially proud of our ability to create and structure resolutions with financially troubled companies and, when appropriate, to institute meaningful corporate governance reforms when serving as lead counsel in shareholder actions.

Barroway Topaz is also at the forefront of protecting the rights of employees. The firm's nationally recognized ERISA Litigation Department specializes in breach of fiduciary duty actions brought pursuant to the Employee Retirement Income Security Act of 1974. Barroway Topaz has helped pensioners across the country recover hundreds of millions of dollars in retirement savings lost as a result of mismanaged pension assets. Further, Barroway Topaz's Wage and Hour Department represents thousands of workers across the country pursuing claims for unpaid wages under the Fair Labor Standards Act and relevant state compensation laws.

Barroway Topaz's Competition Group combats violations of federal and state antitrust laws (and deceptive trade practice laws) including price-fixing, bid-rigging, monopolization, resale price maintenance and price discrimination. The Group's attorneys in this highly specialized area of the law have extensive experience and expertise and have been appointed by courts to leadership positions in several important antitrust actions filed in state and federal courts throughout the country.

NOTEWORTHY ACHIEVEMENTS

During the firm's successful history, Barroway Topaz has recovered billions of dollars for defrauded stockholders and consumers. The following are among the firm's notable achievements:

In re Tyco International, Ltd. Sec. Litig., No. 02-1335-B (D.N.H. 2002):

Barroway Topaz, which served as Co-Lead Counsel in this highly publicized securities fraud class action on behalf of a group of institutional investors, achieved a record \$3.2 billion settlement with Tyco International, Ltd. ("Tyco") and their auditor PricewaterhouseCoopers, LLP ("PwC"). The \$2.975 billion settlement with Tyco represents the single-largest securities class action recovery from a single corporate defendant in history. In addition, the \$225 million settlement with PwC represents the largest payment PwC has ever paid to resolve a securities class action and is the second-largest auditor settlement in securities class action history.

As presiding Judge Paul Barbadoro aptly stated in his Order approving the final settlement, "[i]t is difficult to overstate the complexity of [the litigation]." Judge Barbadoro noted the extraordinary effort required to pursue the litigation towards its successful conclusion, which included the review of more than 82.5 million pages of documents, more than 220 depositions and over seven hundred discovery requests and responses. In addition to the complexity of the litigation, Judge Barbadoro also highlighted the great risk undertaken by Co-Lead Counsel in pursuit of the litigation, which he indicated was greater than in other multi-billion dollar securities cases and "put [Plaintiffs] at the cutting edge of a rapidly changing area of law." In sum, the Tyco settlement is of historic proportions for the investors who suffered significant financial losses and it has sent a strong message to those who would try to engage in this type of misconduct in the future.

In re Tenet Healthcare Corp. Sec. Litig., No. CV-02-8462-RSWL (Rx) (C.D. Cal. 2002):

Barroway Topaz serves as Co-Lead Counsel in this action. A partial settlement was approved on May 26, 2006. The partial settlement was comprised of three distinct elements, including a substantial monetary commitment by the company in the amount of \$215 million, personal contributions by two of the individual defendants totaling \$1.5 million and the enactment and/or continuation of numerous changes to the company's corporate governance practices, which have led various institutional rating entities to rank Tenet among the best in the U.S. in regards to corporate governance. The significance of the partial settlement was heightened by Tenet's precarious financial condition. Faced with many financial pressures — including several pending civil actions and federal investigations, with total contingent liabilities in the hundreds of millions of dollars — counsel was concerned that Tenet would be unable to fund a settlement or satisfy a judgment of any greater amount in the near future. By reaching the partial settlement, Barroway Topaz, on behalf of the Plaintiffs' class, was able to avoid the risks associated with a long and costly litigation battle and provide a significant and immediate benefit to the class. Barroway Topaz also obtained a rarity in securities class action litigation — personal financial contributions from individual defendants. Following the partial settlement with the Tenet defendants, Barroway Topaz actively litigated the case against Tenet's external auditor, KPMG. After more than two years of hard-fought litigation, including dispositive motion practice and merits and expert discovery, Barroway Topaz, on behalf of the Plaintiffs' class, settled the matter against KPMG for \$65 million. While the settlement is not yet final, Barroway Topaz is very pleased with the result as it stands, as one of the largest recoveries against an auditor in U.S. history.

In re AremisSoft Corp. Sec. Litig., C.A. No. 01-CV-2486 (D.N.J. 2002):

Barroway Topaz is particularly proud of the results recently achieved before the Honorable Joel A. Pisano in this case. This case was exceedingly complicated, as it involved the embezzlement of hundreds of millions of dollars by former officers of the Company, some of whom are now fugitives. In settling the action, Barroway Topaz, as sole Lead Counsel, assisted in reorganizing AremisSoft as a new Company which allowed for it to continue operations, while successfully separating out the securities fraud claims and the bankrupt Company's claims into a litigation trust. Pursuant to the Settlement, the litigation trust has distributed more than 16 million shares of the reorganized Company to members of the class. The Court-appointed co-trustees, Joseph P. LaSala, Esq. and Fred S. Zeidman, retained Barroway Topaz to continue prosecuting the actions on behalf of the litigation trust. After extensive litigation in the Isle of Man, including the successful freezing of more than \$200 million of stolen funds, the trust settled its action against one of the principal wrongdoers and recovered approximately \$200 million. Thus far, the trust has distributed to beneficiaries of the trust more than 28% of their recognized losses (excluding the value of the equity of the new Company), and is poised to recover even more. Recently, the trust commenced further litigation in Cyprus, where it obtained a Mareva injunction and interim ancillary relief against various bank accounts and assets owned and/or controlled by the other principal wrongdoer.

After more than three years of contentious litigation and a series of protracted mediation sessions, Barroway Topaz, serving as Co-Lead Counsel, secured a \$110 million recovery for class members in the CVS Sec. Litig. Specifically, the suit alleged that CVS violated accounting practices by delaying discounts on merchandise in an effort to prop up its earnings. In addition, the suit charged that in 2001 the Company and its Chief Executive Officer, Thomas M. Ryan, improperly delayed announcement of its intention to close approximately 200 underperforming stores, and that an industry-wide pharmacist shortage would have a materially negative impact on the Company's performance. Settlement was reached just days prior to the commencement of trial, and shortly after the district court had denied the defendants' motions for summary judgment. This substantial recovery represents the third-largest settlement in a securities class action case in the First Circuit.

In re Delphi Corp. Sec. Litig., Master File No. 1:05-MD-1725 (E.D. Mich. 2005):

In early 2005, various securities class actions were filed against auto-parts manufacturer Delphi Corporation in the Southern District of New York. Barroway Topaz its client, Austria-based mutual fund manager Raiffeisen Kapitalanlage-Gesellschaft m.b.H. ("Raiffeisen"), were appointed as Co-Lead Counsel and Co-Lead Plaintiff, respectively. The Lead Plaintiffs alleged that (i) Delphi improperly treated financing transactions involving inventory as sales and disposition of inventory; (ii) improperly treated financing transactions involving "indirect materials" as sales of these materials; and (iii) improperly accounted for payments made to and credits received from General Motors as warranty settlements and obligations. As a result, Delphi's reported revenue, net income and financial results were materially overstated, prompting Delphi to restate its earnings for the five previous years. Complex litigation involving difficult bankruptcy issues has potentially resulted in an excellent recovery for the class, but is awaiting Delphi's exit from bankruptcy before the settlement of cash and stock, can be finalized. In addition, Co-Lead Plaintiffs have also reached a settlement of claims against Delphi's outside auditor, Deloitte & Touche, LLP, for \$38.25 million on behalf of Delphi investors, which has already been approved.

Royal Dutch Shell European Shareholder Litigation:

Barroway Topaz was instrumental in achieving a landmark settlement worth at least \$352million in cash on behalf of non-US investors with Royal Dutch Shell plc relating to Shell's 2004 restatement of oil reserves. This settlement of securities fraud claims on a class-wide basis under Dutch law was the first of its kind, and sought to resolve claims exclusively on behalf of European and other non-United States investors. Uncertainty over whether jurisdiction for non-United States investors existed in a 2004 class action filed in federal court in New Jersey prompted a significant number of prominent European institutional investors from nine countries, representing more than one billion shares of Shell, to actively pursue a potential resolution of their claims outside the United States. Among the European investors which actively sought and supported this settlement were Alecta pensionsförsäkring, ömsesidigt, PKA Pension Funds Administration Ltd., Swedbank Robur Fonder AB, AP7 and AFA Insurance, all of which were represented by Barroway Topaz. This settlement was approved by Order dated 6/26/08.

In re The Interpublic Group of Companies Sec. Litig., No. 02 Civ. 6527 (S.D.N.Y. 2002):

Barroway Topaz served as sole Lead Counsel in this action on behalf of an institutional investor and received final approval of a settlement consisting of \$20 million in cash and 6,551,725 shares of IPG common stock. As of the final hearing in the case, the stock had an approximate value of \$87 million, resulting in a total settlement value of approximately \$107 million. In granting its approval, the Court praised Barroway Topaz for acting responsibly and noted the firm's professionalism, competence and contribution to achieving such a favorable result.

In re Digital Lightwave, Inc. Sec. Litig., Consolidated Case No. 98-152-CIV-T-24E (M.D. Fla. 1999):

The firm served as Co-Lead Counsel in one of the nation's most successful securities class actions in history measured by the percentage of damages recovered. After extensive litigation and negotiations, a settlement consisting primarily of stock was worth over \$170 million at the time when it was distributed to the Class. Barroway Topaz took on the primary role in negotiating the terms of the equity component, insisting that the class have the right to share in any upward appreciation in the value of the stock after the settlement was reached. This recovery represented an astounding approximately two hundred percent (200%) of class members' losses.

Barroway Topaz holds a prominent position as an Executive Committee member in this action. Of the sixty plaintiffs firms which originally filed actions in these coordinated proceedings, Barroway Topaz was one of only six firms selected to serve on the Executive Committee. The coordinated actions, which have been filed against 309 separate issuers of publicly traded securities, challenge the legality of the practices which accompany the allocations of shares in initial public offerings. In addition to suing the issuers of such securities, the 309 coordinated actions also name as defendants the primary investment banking firms which underwrote the offerings. This case, which has received a great deal of national and international media attention, is widely considered the largest securities class action litigation in history and has resulted in numerous important rulings by the Court.

In re Global Crossing, Ltd. ERISA Litigation, No. 02 Civ. 7453 (S.D.N.Y. 2004):

Barroway Topaz served as Co-Lead Counsel in this novel, complex and high-profile action which alleged that certain directors and officers of Global Crossing, a former high-flier of the late 1990's tech stock boom, breached their fiduciary duties under the Employee Retirement Income Security Act of 1974 ("ERISA") to certain company-provided 401(k) plans and their participants. These breaches arose from the plans' alleged imprudent investment in Global Crossing stock during a time when defendants knew, or should have known, that the company was facing imminent bankruptcy. A settlement of plaintiffs' claims restoring \$79 million to the plans and their participants was approved in November 2004. At the time, this represented the largest recovery received in a company stock ERISA class action.

In re AOL Time Warner ERISA Litigation, No. 02-CV-8853 (S.D.N.Y. 2006):

Barroway Topaz, which served as Co-Lead Counsel in this highly-publicized ERISA fiduciary breach class action brought on behalf of the Company's 401(k) plans and their participants, achieved a record \$100 million settlement with defendants. The \$100 million restorative cash payment to the plans (and, concomitantly, their participants) represents the largest recovery from a single defendant in a breach of fiduciary action relating to mismanagement of plan assets held in the form of employer securities. The action asserted claims for breach of fiduciary duties pursuant to the Employee Retirement Income Security Act of 1974 ("ERISA") on behalf of the participants in the AOL Time Warner Savings Plan, the AOL Time Warner Thrift Plan, and the Time Warner Cable Savings Plan (collectively, the "Plans") whose accounts purchased and/or held interests in the AOLTW Stock Fund at any time between January 27, 1999 and July 3, 2003. Named as defendants in the case were Time Warner (and its corporate predecessor, AOL Time Warner), several of the Plans' committees, as well as certain current and former officers and directors of the company. In March 2005, the Court largely denied defendants' motion to dismiss and the parties began the discovery phase of the case. In January 2006, Plaintiffs filed a motion for class certification, while at the same time defendants moved for partial summary judgment. These motions were pending before the Court when the settlement in principle was reached. Notably, an Independent Fiduciary retained by the Plans to review the settlement in accordance with Department of Labor regulations approved the settlement and filed a report with Court noting that the settlement, in addition to being "more than a reasonable recovery" for the Plans, is "one of the largest ERISA employer stock action settlements in history."

In re Honeywell International ERISA Litigation, No. 03-1214 (DRD) (D.N.J. 2004):

Barroway Topaz served as Lead Counsel in a breach of fiduciary duty case under ERISA against Honeywell International, Inc. and certain fiduciaries of Honeywell defined contribution pension plans. The suit alleged that Honeywell and the individual fiduciary defendants, allowed Honeywell's 401(k) plans and their participants to imprudently invest significant assets in company stock, despite that defendants knew, or should have known, that Honeywell's stock was an imprudent investment due to undisclosed, wide-ranging problems stemming from a consummated merger with Allied Signal and a failed merger with General Electric. The settlement of plaintiffs' claims included a \$14 million payment to the plans and their affected participants, and significant structural relief affording participants much greater leeway in diversifying their retirement savings portfolios.

In re Remeron Antitrust Litigation, No. 02-CV-2007 (D.N.J. 2004):

Barroway Topaz was Co-Lead Counsel in an action which challenged Organon, Inc.'s filing of certain patents and patent infringement lawsuits as an abuse of the Hatch-Waxman Act, and an effort to unlawfully extend their monopoly in the market for Remeron. Specifically, the lawsuit alleged that defendants violated state and federal antitrust laws in their efforts to keep competing products from entering the market, and sought damages sustained by consumers and third-party payors. After lengthy litigation, including numerous motions and over 50 depositions, the matter settled for \$36 million. The settlement is pending final approval by the court.

The firm served as Co-Lead Counsel for one of the largest consumer class actions in history, consisting of approximately 11 million Sears credit card holders whose interest rates were improperly increased in connection with the transfer of the credit card accounts to a national bank. Barroway Topaz successfully negotiated a settlement representing approximately 66% of all class members' damages, thereby providing a total benefit exceeding \$156 million. All \$156 million was distributed automatically to the Class members, without the filing of a single proof of claim form. In approving the settlement, the District Court stated: ". . . I am pleased to approve the settlement. I think it does the best that could be done under the circumstances on behalf of the class. . . . The litigation was complex in both liability and damages and required both professional skill and standing which class counsel demonstrated in abundance."

In re Transkaryotic Therapies, Inc. Sec. Litig., Civil Action No.: 03-10165-RWZ (D. Mass. 2003):

After five years of hard-fought, contentious litigation, Barroway Topaz as Lead Counsel on behalf of the Class, has entered into one of largest settlements ever against a biotech company with regard to non-approval of one of its drugs by the U.S. Food and Drug Administration ("FDA"). Specifically, the Plaintiffs alleged that Transkaryotic Therapies, Inc. ("TKT") and its CEO, Richard Selden, engaged in a fraudulent scheme to artificially inflate the price of TKT common stock and to deceive Class Members by making misrepresentations and nondisclosures of material facts concerning TKT's prospects for FDA approval of Replagal, TKT's experimental enzyme replacement therapy for Fabry disease. With the assistance of the Honorable Daniel Weinstein, a retired state court judge from California, Barroway Topaz secured a \$50 million settlement from the Defendants during a complex and arduous mediation.

In re Assisted Living Concepts, Inc. Sec. Litig., Lead Case No. 99-167-AA (D. Or. 1999):

Barroway Topaz served as Co-Lead Counsel and was instrumental in obtaining a \$30 million recovery for class members from the Company, its executive officers and directors, and several underwriters for their role in an alleged complex accounting fraud involving the use of a purportedly independent joint venture to absorb the Company's start-up losses. Even after this \$30 million recovery, through counsel's efforts, an additional \$12.5 million was obtained from the auditors providing for a total recovery of \$42.5 million.

***Wanstrath v. Doctor R. Crants, et. al. Shareholders Litigation,
No. 99-1719-111 (Tenn. Chan. Ct., 20th Judicial District, 1999):***

Barroway Topaz served as Lead Counsel in a derivative action filed against the officers and directors of Prison Realty Trust, Inc., challenging the transfer of assets from the Company to a private entity owned by several of the Company's top insiders. Numerous federal securities class actions were pending against the Company at this time. Through the derivative litigation, the Company's top management was ousted, the composition of the Board of Directors was significantly improved, and important corporate governance provisions were put in place to prevent future abuse. Barroway Topaz, in addition to achieving these desirable results, was able to effectuate a global settlement of all pending litigation against the backdrop of an almost certain bankruptcy. The case was resolved in conjunction with the federal securities cases for the payment of approximately \$50 million by the Company's insurers and the issuance of over 46 million shares to the class members.

In re PNC Financial Services Group, Inc. Sec. Litig., Case No. 02-CV-271 (W.D. Pa. 2002):

Barroway Topaz served as Co-Lead Counsel in a securities class action case brought against PNC bank, certain of its officers and directors and its outside auditor, Ernst & Young, LLP ("E&Y"), relating to the conduct of defendants in establishing, accounting for and making disclosures concerning three special purpose entities ("SPEs") in the second, third and fourth quarters of PNC's 2001 fiscal year. Plaintiffs alleged that these entities were created by defendants for the sole purpose of allowing PNC to secretly transfer hundreds of millions of dollars worth of non-performing assets from its own books to the books of the SPEs without disclosing the transfers or consolidating the results and then making positive announcements to the public concerning the bank's performance with respect to its non-performing assets. Barroway Topaz was instrumental in obtaining a \$30 million recovery for class members from PNC and the assignment of certain claims it may have had against its audit and other third party law firms and insurance companies. An additional \$6.6 million was recovered from the insurance company and the law firms and an agreement in principle has now been reached with the audit to resolve all claims for another \$9.075 million, providing for a total recovery from the Sec. Litig. of \$45.675. When coupled with the \$156 million restitution fund established through government actions against some of the same defendants and third parties, the total recovery for class members exceeds \$200 million, which has now been distributed with PNC paying all costs associated with notifying the Class of the settlement.

Barroway Topaz served as Co-Lead Counsel and was instrumental in obtaining a recovery of \$41 million in cash for class members against a bankrupt company, certain of its officers and directors and the underwriters of the Company's offering. Claims involved New Power, an offshoot of Enron, that was formed to re-enter the deregulated energy market and pursued an IPO with no viable plan to hedge against volatile energy prices.

In re Liberate Technologies Sec. Litig., No. C-02-5017 (MJJ) (N.D. Cal. 2005):

Plaintiffs alleged that Liberate engaged in fraudulent revenue recognition practices to artificially inflate the price of its stock, ultimately forcing it to restate its earning. As sole Lead Counsel, Barroway Topaz successfully negotiated a \$13.8 million settlement, which represents almost 40% of the damages suffered by the class. In approving the settlement, the district court complimented Lead Counsel for its "extremely credible and competent job."

In re Sodexho Marriott Shareholders Litigation, Consol. C.A. No. 18640-NC (Del. Ch. 1999):

Redstone, and co-COOs Thomas E. Freston and Leslie Moonves, in breach of their fiduciary duties. Specifically, Barroway Topaz alleged that in fiscal year 2004, when Viacom reported a record net loss of \$17.46 billion, the board improperly approved compensation payments to Redstone, Freston, and Moonves of approximately \$56 million, \$52million, and \$52million, respectively. Prior to a decision by the appellate court, a settlement was reached in early 2007.
